Workshop EP@L: Economics & Politics at Lille

December 12-13, 2022, University of Lille

The 5th Economics and Politics Workshop will be held in Lille 12-13 December. It is organized by LEM (University of Lille), with the support of Dulbea (ULB) and LIEPP (Sciences Po Paris). The workshop's aim is to bring together scholars from economics and politics interested in interdisciplinary work on public policy, political economy and public choice. We welcome theoretical as well as empirical papers by both economists and political scientists. The workshop is intended for the presentation of work-in-progress that can benefit from discussion. The selection of papers will be based on their quality and the overall coherence of the program.

Workshop Organization

There are no parallel sessions. Participation in the workshop is subject to participation in all sessions. To facilitate and improve discussions, time devoted to presentation and discussion will be equivalent. For each paper, at least one discussant will be designated. There is no conference fee.
